There is a disposition in some quarters to class New Mexico with Utah as unfit for home government and they even question there being material resident here to fill the various federal appointments.

ent legislature has been attacked by an insidious disease which is known among politicians as the "division fever." When this fever once gets a thorough held on a legislature it is added. legislature it is seldom a county escapes. In the northern part of the territory the question of division is said to be very popular octside of the county seats. Value cia demands it, Bernalillo wants it, San Miguel needs it, Colfax has sufficient population to warrant it, and Socorro will not be happy until the division of that county is accomplished. Bearing this in mind the question naturally arises: Can the few delegates from the southern portion of the territory, although elected on an antidivision platform, present the division of Grant, Doha Ana and Lincoln counties?

A person acquainted with the temper of legislative bodies will say that division is bound to come this winter. The best that the counties the people can do is to have the counties the people can do is to have the counties. divided in the most equable and destrable tamipetitical configurations the will amanner.
